

## Question 1

Write the HTML and CSS necessary to recreate the given expected appearance:

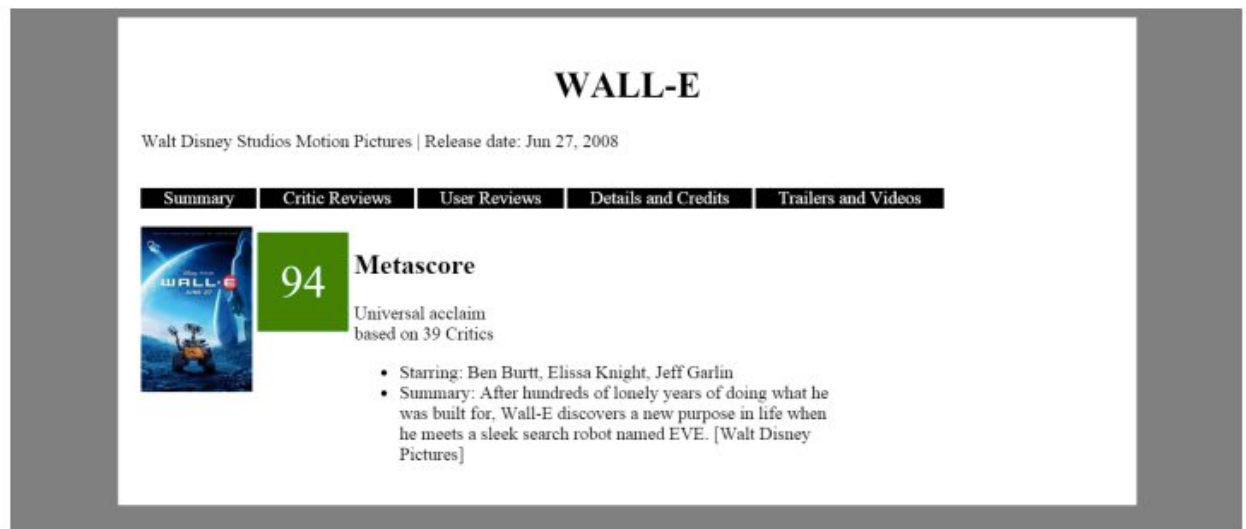

- All images of Abby are located in the same directory as your HTML and CSS files. The first image is located at `sleepy-abby.png`, the second image is located at `abby-with-toy.png`, and the third image is located at `seahawks-abby.png`
- Each image has 2px of margin on both the top and bottom edges.
- The page uses a font-family of Verdana, or sans-serif if Verdana is not available on a client's computer. All text is center-aligned.
- The body of the page takes up 50% of the overall page's width and is aligned horizontally in the middle of the page. This body section also has left and right borders that are 2px wide with a dashed pattern of the color `#e91e63`.
- The main heading of the page ("Abby's Style Guide") is underlined.
- Each of the three image and caption groups have a width of 350px, which the associated image should fully span in width. Each of these groups also has 20px of margin on the top and bottom edges.
- The subheading should have 12pt italicized font. The captions also have 12pt font, but are boldly-weighted.
